

Discover the Impact of Your Support

Learn how each Playmakers Gala sponsorship level advances the Cayton's work with children and families.

Visionary \$50,000

As a Visionary, you drive play into the community.

Your support at this level covers a School-Year Series of Monthly Mobile Museum Experiences in Five Los Angeles Neighborhoods

Helps launch Community Connections (the Cayton's emerging mobile museum program) bringing recurring, hands-on play and learning experiences to children and families in five Los Angeles neighborhoods throughout the school year. This support allows Cayton to extend its reach beyond the museum and create meaningful opportunities for play within communities across the city.

Leader \$25,000

As a Leader, you lay the foundation for belonging.

Your contribution at this level funds a Full Year of PLAY4ALL Access for 100 Families

Helps provide 100 families with a full year of access through PLAY4ALL, Cayton's membership initiative for families facing financial barriers. PLAY4ALL participation is only partially subsidized, leaving a significant gap between the cost of serving enrolled families and the funding currently available. This support helps close that gap and sustain consistent access to play, learning and connection throughout the year.

Builder \$10,000

As a Builder, you invest in the people who bring play to life.

Your support at this level supports a Full Year of Training for the Cayton's "Play Guides" Educational Staff

Provides a full year of professional training grounded in child development and play-based learning education. This investment equips the Cayton's Play Guides to facilitate meaningful, child-led experiences that encourage curiosity, creativity, problem-solving, and social-emotional growth. With knowledgeable educators available throughout the museum, children engage more deeply with the Cayton's exhibits while caregivers gain new ways to support learning through play.

Innovator \$5,000

As an Innovator, you spark discovery through play.

Your gift at this level covers One Week of Field Trips for Students from Title I Schools

Helps provide one full week of field trips for students from Title I schools, where limited enrichment budgets can put museum experiences out of reach. This support gives children who might not otherwise have the opportunity to visit Cayton Children's Museum a day of hands-on exploration, creative expression and collaborative play that sparks curiosity and opens new ways of learning.

Thinker \$2,500

As a Thinker, you nurture imagination every day.

Your support at this level funds One Week of Daily Drop-In Programs

Supports a week of rotating, facilitated activities that families can join throughout their museum visit. Through Daily Drop-In programs, the Cayton welcomes guest artists, musicians, authors, performers and cultural partners. This variety introduces children to new ideas and forms of expression while giving families something new to experience each time they visit.
